

Chamber module LW 1000 floor slab Access LW 600, 3380-3629 mm, Class D

Article information

Item no.: 8740073 GTIN: 4026092065884 Price group: 60

Advantages

- For modular assembly with simple connection segments and intermediate sections 250 and 500 mm high
- Innovative honeycomb structure
- Installation in groundwater up to 3000 mm

Description

The chamber module for wet or dry installation is equipped with fitted access steps in accordance with DIN EN 13101 and BGR 177, all the necessary seals and connecting wedges as well as a taper with vertically adjustable upper section. The intermediate sections made of permanently resistant polymer (PE) have universal connection possibilities. Thanks to the modular KESSEL system, the design can be flexibly combined with intermediate sections, taper, upper section and cover.

Variant	
Note on installation depth:	note maximum installation depth 5000 mm in
	combination with technical module
General characteristics	
Colour:	black
Material:	PE-HD
Standard:	EN 13598-2
Installation situation:	underground installation
Delivery state:	Partly for on-site assembly (access steps have been
	pre-mounted in the factory)
Approval:	Z-42.1-527
ATEX:	no
Dimensions	
Net weight:	287,11 kg
Gross weight:	325,17 kg
Groundwater resistant from lower edge of base	3000 mm
section:	
Installation depth:	3380 - 3629 mm
Type of height adjustability:	vertically adjustable upper section
