

Grease separat. EasyClean Modular free, NS 2, round, Direct disposal

Article information

Item no.: 93002.00/D1-R GTIN: Price group: 60

Advantages

- Ideal where access is tight
- can be divided into 3 parts for insertion, for an insertion opening of max. 66 cm
- Direct disposal with the tank closed

Description

The separator for greasy wastewater is suitable for free-standing set-up in frostprotected rooms and comes without metallic components in the tank. Thanks to the modular design, the separator can be inserted even where access is extremely tight. The collecting tank made of permanently resistant polymer (PE) is equipped with an integrated sludge trap. A service access cover with odour-tight cover and quick-release closures makes easy access possible for cleaning and maintenance work. A direct disposal pipe socket is available for odour-reduced manual disposal. 20 year polyethylene warranty.
